**Release Notice**

This is the June 2015 release of MC Start 2015  
Release Notes.

## Introduction

---

These Release Notes describe new features and improvements in the MC Start 2015 software.

## New features and changes

---

- **Support Autodesk AutoCAD 2016** – This version includes support for the following AutoCAD products: AutoCAD 2016, AutoCAD LT 2016, AutoCAD Architecture 2016, AutoCAD MEP 2016, AutoCAD Civil 3D 2016 and AutoCAD Map 3D 2016.
- **Support Autodesk Revit 2016** – This version includes support for the following Revit products: Revit 2016, Revit Architecture 2016, Revit Structure 2016 and Revit MEP 2016.
- **Support BricsCAD v15** – The software has been fully tested to work correctly with the BricsCAD v15 software.
- **Support ZWCAD+ 2015** – The software has been fully tested to work correctly with the ZWCAD+ 2015 software.
- **Export to CAD** – The export to CAD wizard has been improved by adding the option to align the drawing by 3 points: New origin, +X-Axes direction and point on plane.
- **Paste Special** – A new option Paste Special has been added in this version. You can now specify the clipboard units and insert the clipboard contents in the MC Start software.
- **Help Library Update** – The MC Start Help Library has been updated with the latest Ribbon User Interface and new features in CAD and Revit.
- **Getting Started Guide Update** – The MC Start Getting Started Guide has been updated with the latest Ribbon User Interface and new features in CAD and Revit. The tutorial has also been enhanced and new tutorial drawings and data files are provided.
- **Windows 10** – The software has been fully tested to work correctly with Microsoft Windows 10.

## License Activation

---

When you launch MC Start for the first time, you will be asked to activate MC Start. Click Activate and enter your information in the required fields and then click submit. An email with the required activation key will be sent to your email address. Please check your email after pressing submit and enter the activation key to activate the software.

The MOST RECOMMENDED way to enter the activation key correctly is to copy it from the email message (using Ctrl+C or the clipboard) and then paste it into the Activation Key field (using Ctrl+V).

## Technical support

---

If you have a problem and cannot find the information you need in the product documentation, please contact your local dealer. Alternatively, you can go to the Support area of the MOUS Software website ([www.moussoftware.com](http://www.moussoftware.com)). Select the product you need information on. Product updates, documentation, and any support issues are available for download.

If you need to contact MOUS Software, please email [support@moussoftware.com](mailto:support@moussoftware.com)

## System Requirements

---
